Questions 1:

LOGICAL PUZZLES - 2

(Answers on page 2 & 3)

Six candidates Arnav, Junaid, Lima, Ronu, Vajra and Yedu qualified in SNAP, sit around a circular table for the selection GD. Each one is from a different city among Agra, Cochin, Pune, Srinagar, Tripura and Varanasi.

- Junaid is opposite to Arnav, who is not from Agra.
- Two persons sit between Lima and the person from Srinagar.
- Ronu is from Cochin and is not adjacent to the person from Pune.
- Junaid sits to the immediate right of the person from Srinagar.
- The person from Pune sits opposite to Vajra.
- The person from Tripura sits second to the left of the person from Pune.

1) Who sits second to the right of the person from Srinagar?

- a) Yedu b) Ronu c) Arnav d) None of these

Questions 2 - 3:

Eight members of a family are sitting around a circular table.

- There are three married couples
- Each couple has at least one child.
- S is the son of R and sitting third to the right of his sister.
- J is the grandfather of P and sitting second to the left of his grandson.
- K is the nephew of N and sitting second to the left of his father.
- Q is the father of P and sitting second to the right of his brother-in-law.
- L is not sitting adjacent to her spouse.
- P is not opposite to her/his mother.
- No one in the family is a widow/ widower.
- No two males are sitting adjacent to each other.

2) Who is sitting opposite to P?

- a) R b) J c) L d) K

3) Who is sitting fourth to the right of J's wife?

- a) R's daughter b) J's son c) J's daughter d) Both (a) & (c)

Questions 4 - 6:

Eight customer support executives C, E, J, L, Q, S, U and W of a company are sitting around a circular table. Each of them scored a different point among 73, 78, 82, 85, 87, 90, 94, and 95 in a customer feedback survey. The person who scored 90 is second to the left of Q. Exactly two persons are sitting between the persons scored 78 and 90. W is sitting third to the right of the person who scored 87 points, who is adjacent to both Q and the person scored the third highest. W is not sitting to the immediate left of the person who scored second least points. Both C and Q are sitting adjacent to S, who is sitting opposite the person who scored 82. E neither scored the least nor 82. U did not score the least points. J and U are opposite to each other. J scored more points than U, but not the highest. W scored fewer points than C but more points than U.

4) What is the score of Q?

- a) 82 b) 73 c) 94 d) 85

5) Who scored the third highest point?

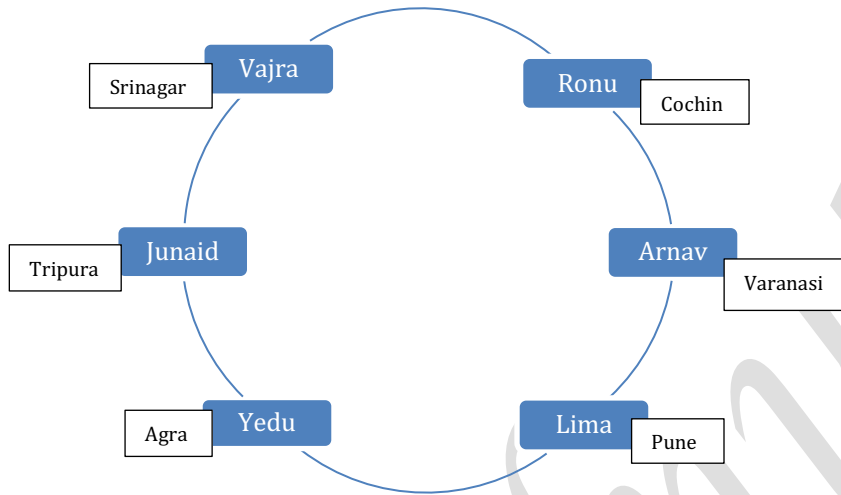

- a) J b) S c) C d) L

6) Who is immediate left of the person opposite to E?

- a) S b) E c) U d) None of these

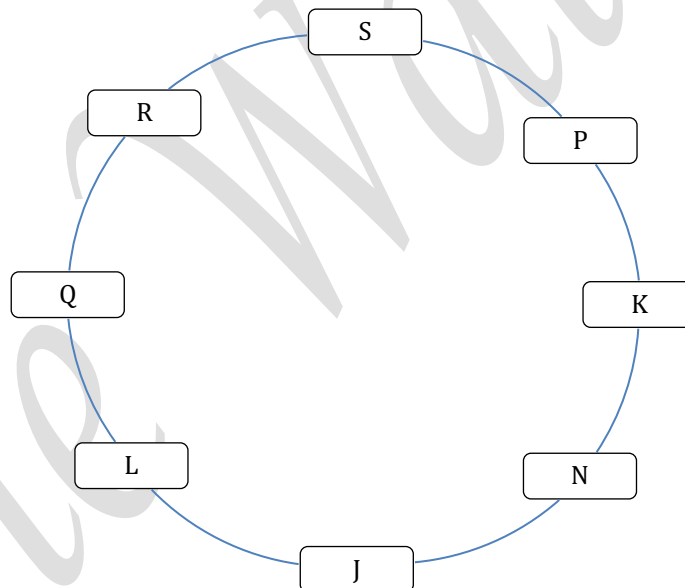

Answers:
